Job Title:
Director Revenue Cycle Optimization

What does the first 60 minutes of your day look like?

Once I am at work, I start my day with a normal routine of reviewing my schedule, responding to emails, and then setting priorities for the day. Once the priorities are set, I am off to meetings.

What was your first job? In the 7th grade, I started babysitting my younger siblings. During high school, my first job was a bank teller at a bank in my hometown - Grafton, ND.

What would someone be surprised to know about you? I have ten brothers and sisters. I am close to all of them!

What project, or achievement are you most proud of? This is a tough question for me as I am very proud of multiple projects I have worked on during my 25 years of employment at St. Alexius Medical Center (now CHI St. Alexius Health - Bismarck).

How have you been involved in the community? I have volunteered during the United Way's Day of Caring, served meals at The Banquet - Trinity Lutheran, and am involved at my church—Corpus Christi as a hospitality minister / usher and a member of the Praise and Worship choir.

How could others become involved in that service? To become involved in music at Corpus Christi, contact the Music Director at 255-4600 ext. 209.

What is a favorite quote or words that mean a lot to you? "To the world you may be one person but to one person you may be the world!" - Dr. Seuss
